Profile

I am a passionate Frontend Developer with over two years of learning, practice, and continuous development. I work on freelance projects while developing my Angular skills as an intern at IT Academy STEP. My goal is to grow professionally, build modern and accessible web applications, and create intuitive user experiences.

Experience & development

- Over 2 years of learning and practical development.
- Freelance web development.
- Angular Intern at IT Academy STEP.
- Continuous learning and professional growth.

Technical skills

HTML · CSS · SCSS · JavaScript · TypeScript · Angular · Bootstrap · Responsive Design · Figma · Git · GitHub
